Mark,

Hope you and your family are well. I received a request for documents from Mr. Vorhes. My response is below.

Terri

Subject: Response to January 6, 2022 Email

Dear Ethan,

I hope this email finds you well. We have researched our records and unfortunately, we do not have any records from 2009 except; the Senator Grassley letter and the EPA response from 2009 (attached), and my recent inspection report which you have. Our emails with IDNR only contain information about organizing a meeting with you regarding our last visit.

I need to stress the conclusions in the inspection report. We have the well registered in our underground injection control database and that is the extent of our involvement.

Wish you well,

Terri
